Report of the Auditor General.

I have the honour to submit the Report of the Auditor General of Canada for the fiscal year ended 31st March, 1916, including statements in detail of the Expenditure and Revenue of the Dominion of Canada for that period.

J. FRASER,
Auditor General.

OTTAWA, January 31, 1917.

AUDITOR GENERAL'S REPORT
1915-16.

TREASURY BOARD CORRESPONDENCE.

TREASURY BOARD CORRESPONDENCE.

AUDITOR GENERAL'S OFFICE, September 5, 1916.

SIR,—On the 8th July, 1913, a contract was entered into with the Pacific Dredging Company for dredging 3,300,000 cubic yards in False Creek, Vancouver, B.C., at 21 cents per cubic yard.

On the 22nd December, 1913, an Order in Council was passed authorizing an extension of this contract so as to include the dredging of 542,000 cubic yards to provide a turning basin near the upper end of False Creek.

On the 8th July, 1916, an Order in Council was passed authorizing another extension of this contract so as to include the dredging of 425,274 cubic yards to provide a turning basin near the Granville Street bridge.

In both of these extensions the work was to be given to the Pacific Dredging Company at 21 cents per cubic yard without calling for public tenders as required by the Public Works Act. Why was this Act not complied with? In connection with the first extension the Department was aware that there was sufficient space at the upper end of False Creek, east of Main street, to hold the spoil, thus obviating the necessity for a long haul, and this might have been a determining factor in obtaining a lower price than 21 cents.

This property was acquired by the Canadian Northern Railway and I understand the contractor was allowed to dispose of the spoil for 16 cents per cubic yard.

Clause II of the specifications provides that all material dredged out will be deposited in such places and in such a manner as may be indicated in writing by the Chief Engineer.

It appears to me that if the Chief Engineer had instructed the contractor to deposit the spoil for filling up land for the Canadian Northern Railway it would be proper for the Government to collect the 16 cents per cubic yard instead of the contractor.

In connection with the second extension I understand that this dredging was asked for by the Harbour Commissioners. The turning basin adjoins the docks which are being built by the Harbour Commissioners and the dredged material can be pumped in for filling these docks. I understand that the contractor is getting 14 cents per cubic yard for this filling. Is there any reason why the Government should not collect this 14 cents or give the Harbour Comissioners the spoil free instead of making it profitable for the contractor?

According to the specifications the channel to be dredged is to a depth of 20 feet below low water from the entrance up to a short distance from the head of the creek but I understand that the foundations of the Kitsilano bridge will not permit, at that point, of more than 12 feet below low water. Would not this curtail the usefulness of a 20-foot channel above the bridge.

As the progress estimates to date show 3,494,896 cubic yards dredged and paid for on the original contract I shall have to take exception to any payments on the extensions until they have been brought within the requirements of the Public Works Act.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Public Works.

DEPARTMENT OF PUBLIC WORKS, OTTAWA, October 24, 1916.

SIR,—I have the honour to refer to your letter of the 5th ultimo, in regard to contract with the Pacific Dredging Company, for dredging in False Creek, Vancouver, B.C., and beg to say that a contract for the removal of the original 3,300,000 cubic yards was entered into as a result of a public call for tenders; the following bids being received:—

Pacific Dredging Company	21c. per cu. yd.
Northern Construction Company	22c. "
J. W. Pike	22½c. "

The subsequent extensions—

22nd December, 1913	542,000 cu. yds.
8th July, 1916	425,274 "

are for work in False Creek, and the Department considers itself justified in authorizing extensions within the limit of Clause 8 of the contract Specification, which is as follows:—

"8. Quantities,—The quantities of material stated are approximate only and may be increased or decreased, in actual work, thirty-three and one third (33⅓) per cent."

The position taken is that fair and sufficient competition was established by the tenders received to justify extensions that were found necessary and that formed a part of the False Creek improvements. It may be also pointed out that the Department reserved the right under Clause 9 of the Specification, "to modify or alter the depth, also the lines of the work."

In submitting these prices, the Contractors would take into account whatever likelihood existed of being able to dispose of the material for filling, and the Department received the benefit of the revision made in their tender price on that account.

The Department some time ago gave careful consideration to the general policy of control over dredged material which could be disposed of for filling in purposes and arrived at the conclusion that this was not feasible, for the reason that control over material deposited for filling purposes would involve the Department in intricate problems of providing the land required for the spoil, construction of bulkheads, rehandling of material, and providing in many cases plant for increased pumping pressure.

For the above, and many other reasons, it has therefore not been the policy of the Department, in dealing with dredging contracts, where material is to be spoiled in any manner other than by dumping from hopper scows,—to control the disposition of dredged material.

In this particular work, the Contractors have found it necessary to instal plant which must have required a considerable outlay to enable them to place the dredged material as filling, and the price obtained by them cannot be regarded as all profit. The Department is informed that a relay, or boosting pump, was required for long discharges, and it was also necessary to cast over and loosen material by dipper dredge to enable the hydraulic dredge to move hard material.

As regards the depth of water in the navigable pass of the Kitsilano Bridge, it may be stated that this is not a permanent structure and our records show that approval was not obtained for its construction under Chapter 115, R.S.C. The Department does not consider that this bridge should be allowed to interfere with an adequate scheme to provide the necessary requirements to False Creek.

I have the honour to be, sir, your obedient servant,

J. B. HUNTER, *D. M.*

The Auditor General.

DEPARTMENT OF PUBLIC WORKS, OTTAWA, January 4, 1916

DEAR SIR,—I enclose you a copy of a memorandum recently submitted to me by the Assistant Chief Engineer, in further reference to the dredging of False Creek, Vancouver, B.C., which was the subject of correspondence with your office in the month of October last. It contains additional information as to the manner in which this work was performed, and attention is directed to the fact that it was from the original contract areas that the main portion of the filling—used both at the head of False Creek and for the reclaimed area at Granville street—was taken.

I trust you will be able to see your way to authorize payment of the progress estimates which have accrued during the past few months, and which now aggregate a very considerable sum.

I may add that Mr. Dufresne, the Assistant Chief Engineer, visited British Columbia last month, and, among other things made it his business to look carefully into this work on the ground. Should you desire it, he will be very glad to call on you and furnish you with any further particulars you may wish in connection with the work.

Yours truly,
J. B. HUNTER, *D.M.*

The Auditor General.

DEPARTMENT OF PUBLIC WORKS, OTTAWA, January 2, 1917.

SIR,—I beg to refer to my report to you of October 19, 1916, dealing with certain statements of the Auditor General concerning the dredging contract in False Creek, Vancouver, B.C., with the Pacific Dredging Company.

In this report it was maintained that:—

(1) The Department was within its rights, under certain clauses in the contract specifications, in granting quantity extensions within one-third of the original contract quantity.

(2) It has not been the policy of the Department, in these contracts, to exact control of material disposed of as hydraulic fill.

(3) If the contractors anticipated being able to sell this material, it was reasonable to assume that their tender price was fixed accordingly and the Department benefited thereby.

Dealing with this last statement, it may be pointed out that the work was not considered as particularly adapted to hydraulic dredging methods. As a result of test borings, the material was classified on our form of tender as sand, clay, gravel and small boulders, and the length of haul to dumping ground was specified as 2½ to 5 miles. Before awarding the contract the Department exacted that the contractors show they had a dipper dredge available for the work.

It is considered that if the opportunity to dispose of this material as hydraulic fill had not presented itself, the price tendered on the basis of dumping the material as designated by the form of tender would have been higher.

An inspection of the actual methods employed in operating this contract will show that the contractors were put to a greater expense in disposing of this material as fill than would appear on the surface.

A dipper dredge has been used for the principal purpose of excavating hard material that could not be handled by the hydraulic dredge.

Of the total, of 4,084,000 cubic yards moved to December 1, 1916, some 635,000 cubic yards have been excavated by the dipper dredge; 387,000 cubic

yards of which were deposited in hopper scows and moved to and dumped in front of the hydraulic dredge. This represents material handled twice.

The hydraulic dredge was handicapped by reduced output and breakdowns due to the hardness of the material. A particularly long discharge pipe and booster plant were required on account of the distance to the fill at the upper end of False Creek.

Regarding the extension of 425,274 cubic yards, on the 8th July, 1916, for the Granville Street turning basin, it should be pointed out that the fill of the reclaimed mud flats was started in October, 1915. This completed fill amounts to 1,043,056 cubic yards and includes 256,800 cubic yards of the 425,274 cubic yards comprised in the Granville Street turning basin. The balance of the material in this fill comes from the original contract area.

If this material had not been used in this fill, it would have gone into the fill at the head of False Creek, for which the contractors were being paid.

I have the honour to remain, sir, your obedient servant,

A. R. DUFRESNE, *Asst. Chief Engineer.*

The Deputy Minister of Public Works.

TREASURY BOARD, OTTAWA, November 29, 1916.

DEAR SIR,—I have the honour to enclose herewith Treasury Board reference, No. T.80847.B being a report from the Honourable the Minister of Public Works under date of the 14th November, 1916, in reference to exceptions taken by you to payments to the Pacific Dredging Company, Limited, in connection with certain extensions of their contract for the removal of material to provide a channel in False Creek, Vancouver, B.C.

I have to request that you will be good enough to advise me for the information of the Treasury Board as to the nature and ground of your objections to the payment in question and also as to the clause and section of the Audit Act under which such objections are taken. I shall also be glad to have any remarks you may wish to make in reference to the matter.

Yours truly,

T. C. BOVILLE, *Sec. Treasury Board.*

The Auditor General.

DEPARTMENT OF PUBLIC WORKS, OTTAWA, November 14, 1916.

To His Grace the Governor General in Council:—

The undersigned has the honour to report:—

That under the authority of an Order in Council, dated March 3, 1913, the Department of Public Works entered into a contract with The Pacific Dredging Company, Limited, for the removal of 3,300,000 cubic yards of material, place measurement, at 21 cents per cubic yard, to provide a channel 350 feet wide and 20 feet deep in False Creek, Vancouver, B.C., entailing an expenditure of about $693,000;

That the above channel was not wide enough to permit vessels to anchor and turn in it, and Council, under date of December 22, 1913, authorized the dredging of an additional quantity of 542,000 cubic yards of material to provide an anchorage and turning basin between the Great Northern Railway and Connaught bridges, at an approximate expenditure of $113,820;

That the Vancouver Harbour Commissioners having requested the dredging of an additional turning basin at the eastern end of the Granville Street Mud Flats, adjacent to a bulkhead under construction by them, to facilitate navigation and shipping in False Creek, the contract in question was further extended, under an Order in Council passed on July 8, 1916, so as to include the dredging of a quantity of material required for this work, viz., 425,274 cubic yards, representing an expenditure of about $89,307.54;

That the Auditor General has made the following representations respecting these extensions:—

"In both of these extensions the work was to be given to the Pacific Dredging Company at 21 cents per cubic yard without calling for public tenders as required by the Public Works Act. Why was this Act not complied with? In connection with the first extension the Department was aware that there was sufficient space at the upper end of False Creek, east of Main street, to hold this spoil, thus obviating the necessity for a long haul and this might have been a determining factor in obtaining a lower price than 21 cents.

"This property was acquired by the Canadian Northern Railway and I understand the contractor was allowed to dispose of the spoil for 16 cents per cubic yard.

"Clause 11 of the specification provides that all material dredged out will be deposited in such places and in such manner as may be indicated in writing by the Chief Engineer.

"It appears to me that if the Chief Engineer had instructed the contractor to deposit the spoil for filling up land for the Canadian Northern Railway it would be proper for the Government to collect the 16 cents per cubic yard instead of the contractor.

"In connection with the second extension I understand that this dredging was asked for by the Harbour Commissioners. The turning basin adjoins the docks which are being built by the Harbour Commissioners and the dredged material can be pumped in for filling these docks. I understand that the contractor is getting 14 cents per cubic yard for this filling. Is there any reason why the Government should not collect this 14 cents or give the Harbour Commissioners the spoil free instead of making it profitable for the contractor?

"According to the specifications the channel to be dredged is to a depth of 20 feet below low water from the entrance up to a short distance from the head of the creek, but I understand that the foundations of the Kitsilano bridge will not permit, at that point, of more than 12 feet below low water. Would not this curtail the usefulness of a 20 foot channel above the bridge?"

That the Auditor General, in conclusion, states that as the progress estimates show 3,494,896 cubic yards dredged and paid for on the original contract, he will have to take exception to any payments on the extensions until they have been brought within the requirements of the Public Works Act;

That the contract with the Pacific Dredging Company, Limited, contains the two following clauses:—

"8. *Quantities.*—The quantities of material stated are approximate only and may be increased or decreased, in actual work, thirty-three and one-third (33⅓) per cent.

9. *Limits of Dredging.*—The lines and grades to which dredging is to be done will be established by the Engineer. The depths given in the form of tender or schedule are approximate only, and the Department reserves the right

to modify or alter the depth, also the lines of the work, without any additional remuneration over and above the contract prices. The place of low water level governing the depth to which dredging is to be carried out will be fixed by the Engineer in charge in relation to the zero of a gauge already existing or to be established by him for the purpose.

That the contract was awarded as a result of a public call for tenders. Three bids were received, in answer, as follows:—

Pacific Dredging Co., Ltd	21	cts. per cubic	yard.
Northern Construction Co., Ltd	22	"	"
J. W. Pike	22½	"	"

That as regards the question of the Auditor General relative to the calling for tenders, the action of the Department is justified on the ground that under clause 8 of the contract it has the power to increase the quantities and under clause 9 to modify the lines of the work. As the two turning basins above mentioned were found necessary and formed a part of the False Creek improvements, it was deemed advisable to use the power conferred by the contract and extend it so as to cover this additional work without calling for tenders, as the Department considered that fair and sufficient competition had been secured by the tenders above quoted;

That with reference to the disposal of the spoil by the contractors as filling, and securing a profit therefrom, the Assistant Chief Engineer of the Department of Public Works has reported as follows:—

"As regards a revision of the price in view of the fact that the contractors were enabled to dispose of the material for filling in purposes, it may be stated that the Department has given consideration to the general policy of control over material disposed of in this manner, and the conclusion was arrived at, some years ago, that this was not feasible.

"Control over material deposited for filling purposes involves the Department in intricate problems of providing the land required for the spoil, construction of bulkheads, rehandling of material, and providing, in many cases, plant for increased pumping pressure.

"For these, and many other reasons, it has not been the policy of the Department, in dealing with dredging contracts where material is to be spoiled in any manner other than by dumping out of hopper scows, to control the disposition of dredged material.

"It is assumed that the contractors, if they anticipated that the material could be disposed of as fill, revised their tender prices accordingly and that the Department received a commensurate benefit.

" In this particular work the contractors have found it necessary to instal plant which must have required a considerable outlay to enable them to place the dredge material as filling, and the price obtained by them cannot be regarded as all profit. We are informed that a relay or boosting pump was required for long discharges, and it was also necessary to cast over and loosen material by dipper dredge to enable the hydraulic dredge to move hard material."

That as regards the question concerning the depth of water in the navigable pass of the Kitsilano bridge, it may be stated that this bridge is not a permanent one, and the records of the Department show that it has not been approved under the provisions of the Navigable Waters Protection Act. Moreover, the Department does not consider that this bridge should be allowed to interfere with an adequate scheme to provide the necessary requirements to False Creek.

That in view of the reasons given above, it is considered that the contractors should be paid for work performed under the extensions to their contract for dredging in False Creek, Vancouver, B.C.

SESSIONAL PAPER No. 1

The undersigned has, therefore, the honour to recommend that the Honourable the Treasury Board be moved to direct the Auditor General to make payment of the estimates for work performed under the extensions to the contract of the Pacific Dredging Company, Limited, for dredging in False Creek, Vancouver Harbour, B.C., which extensions were authorized by the Order in Council of December 22, 1913 and July 8, 1916, above referred to.

Respectfully submitted,

R. ROGERS, *Minister of Public Works.*

AUDIT OFFICE, 8th January, 1917.

SIR,—Let me acknowledge receipt of your letter No. 80487, enclosing a request from the Public Works Department for an overruling in favour of the Pacific Dredging Co., in connection with certain extensions of their contract for the removal of material to provide a channel in False Creek, Vancouver, B.C.

You ask for the nature and ground of my objections to the payment in question, and the section of the Audit Act under which they are taken. Also for any remarks I may wish to make in reference to the matter.

FIRST SPECIFICATION AND TWO EXTENSIONS.

The first contract, dated July 8, 1913, was for dredging "The Channel in False Creek, Vancouver, B.C.", 350 feet wide and 20 feet deep; the volume benig estimated at 3,300,000 cubic yards. The work was to be completed by December 31, 1914.

Section No. 8 of the specification was worded as follows: "Quantities: The quantities of material stated are approximate only, and may be increased, or decreased in actual work, thirty-three and one-third per cent."

By Order in Council of December 22, 1913, an additional quantity of 542,000 cubic yards of dredging was specified, "To provide an anchorage and turning-basin between the Great Northern Railway and Connaught Bridges".

By Order in Council of July 8, 1916, a second extension was specified, of 425,274 cubic yards, to dredge "An additional turning-basin at the eastern end of the Granville Street Mud Flats, adjacent to a bulkhead under construction by the Vancouver Harbour Commission, to facilitate navigation and shipping in False Creek."

At 21 cents a yard, the price named in the original tender, these services money out as follows:—

	cu. yd.	$ cts.
Channel in False Creek	3,300,000	693,000 00
Anchorage and Turning-basin	542,000	113,820 00
Additional Turning-basin at Granville St. Mud Flats	425,274	89,307 54

SUMMARY OF OBJECTIONS TO THE PAYMENT NOW IN HAND.

First: The main contract was not let by such a public tender as is contemplated by section 36 of the Public Works Act.

Second: The dredging at Granville St. Mud Flats was a separate work; and tenders should have been invited for it by public advertisement.

Third: The dredging at Granville St. Mud Flats will not be available for use until the bar at Kitsilano bridge is removed, and may fill up in the meantime.

Fourth: The filling from the Granville St. Mud Flats should be given to the Vancouver Harbour Commission instead of to the contractors, who are selling it to the Commission.

Fifth: The filling from the first extension of 542,000 cubic yards should have been sold to the Canadian Northern Ry.; instead of being given to the contractors, who made the same sale themselves, for their own profit.

These objections are developed under the corresponding headings which follow:—

TENDERS BY PUBLIC ADVERTISEMENT, ON PRECISE SPECIFICATIONS.

By the Public Works Act, chapter 39, section 36,—"Whenever any works are "to be executed under the direction of any Department of the Government, "the Minister having charge of such Department shall invite tenders by public "advertisement for the execution of such works", except in cases A, B, C, not here in question.

Section 8 of the specification for False Creek dredging is: "The quantities "of material are approximate only, and may be increased or decreased, in actual "work, thirty-three and one-third per cent."

One of the motives for "Tender by Public Advertisement" (so explicitly required by the Public Works Act), is the removal of all possibility of favouritism toward one successful tenderer, or discrimination against another, after the contract has been awarded.

Where specifications are precise, and quantities are defined within the closest practicable limits, these objects may be attained.

But where one successful tenderer may be awarded twice as much work as another would have got, these objects are not guaranteed.

A small margin of variation may be advisable in practice; a range of half the whole work is too wide.

In the present instance, on an original specified quantity of 3,300,000 yards, one tenderer might have this increased to 4,400,000 yards; another tenderer might have it reduced to 2,200,000 yards.

This weakness in the recent specification form was not noted by the Audit Office at an earlier date. Now that its seriousness is so manifest, instructions should be issued for its correction and removal in future, before any further progress is made in relieving the Pacific Dredging Co.

DREDGING AT GRANVILLE FLATS IS A SEPARATE WORK.

The dredging contemplated at Granville Street and Mud Flats, of 425,274 cubic yards, is not so closely inter-connected with the dredging of the main channel leading up to it, as to make it an extension of the original contract.

The main channel was practically completed before the Granville work was begun.

If the latter is to be carried out at all, tenders should be invited for it by public advertisment.

GRANVILLE 20-FOOT BASIN ACCESSIBLE ONLY TO 12-FOOT VESSELS.

My letter to the Department, dated September 5, 1916, in the section dealing with the second extension, made the following remark: "According to the specifi- "cation, the (main) channel to be dredged is to a depth of 20 feet below low water,

"from the entrance up to a short distance from the head of the Creek; but I under-"stand that the foundations of the Kitsilano Bridge will not permit, at that "point, of more than 12 feet below low water. Would not this curtail the use "fulness of a 20-foot channel above the bridge?"

The Departmental reply of October 24, 1916, on this point, was "As regards "the depth of water in the navigable pass at the Kitsilano bridge, it may be "stated that this is not a permanent structure; and our records show that approval "was not obtained for its construction under chapter 115, R.S.C. The "Department does not consider that the bridge should be allowed to interfere "with an adequate scheme to provide the necessary improvements to False "Creek."

The Department's proposition appears to be to proceed now with the deepening of the upper basin; and to order the reconstruction or removal of the bridge (necessarily consequent upon such deepening) at some undefined later time.

The expenditure, however, is of such magnitude ($89,307.54), that it would be safer to arrange for an alteration of the bridge before the deepening is commenced.

If, by some at-present-unforeseen development, it should prove impossible for the Department to force the removal of the 8-foot bar at the Kitsilano bridge, the expenditure on the lower 8 feet of deepening above that point would be wasted.

Moreover, until the 8-foot bar is removed, the 20-foot dredging above it would create a settling-basin for whatever scouring and sewage may be brought down from higher land.

Though "prematureness of expenditure" was not, at the passing of the Audit Act, named explicitly as a ground for refusal to pay, it may, (I think), be classed broadly under the heading "Money not justly due" (especially in war times); and such may be taken as the reason why this particular item goes to the Treasury Board. This objection will not hold if the 8-foot bar is removed before the dredging is performed.

GRANVILLE FLATS: INTEREST OF VANCOUVER HARBOUR COMMISSION.

Section 6 of chapter 54 of the statutes of 1913 reads: "The Corporation "(Vancouver Harbour Commissioners) shall consist of three commissioners, "appointed by the Governor in Council upon the recommendation of the "Minister of Marine and Fisheries, and they shall hold office during pleasure."

By chapter 17 of the Statutes of 1914 (May 27, 1914) "Sections 14 and "and 15 of the Statutes of 1913.....are hereby repealed, and the "lands and interests-in-lands within the limits of the harbour as therein "described are hereby declared to be re-vested in His Majesty in the right of "Canada from and after the date of the passing of this Act."

That is to say, the Vancouver Harbour Commission is the Dominion of Canada, specialized for the function of administrating the Vancouver harbour.

GRANVILLE FLATS: PROPOSED SALE OF DREDGED MATERIAL FOR FILLING.

By Clause 11 of the original specification, "All material dredged-out will "be deposited in such places and in such a manner as may be indicated in writing "by the Chief Engineer, the Assistant Chief Engineer, or by the Engineer "acting under their instructions. Dredging done, or spoil deposited, contrary "to the directions of the Engineer will not be paid for."

My letter of September 5, 1916, to the Public Works Department, said: "In "connection with the second extension, I understand that this dredging was "asked for by the Harbour Commissioners. The turning-basin adjoins the

"docks which are being built by the Harbour Commissioners, and the dredged "material can be pumped-in for filling these docks. I understand that the "contractor is getting 14 cents per cubic yard for this filling. Is there any "reason why the Government should not collect this 14 cents, or give the Har- "bour Commissioners the spoil free, instead of making it profitable for the "Contractor?"

GENERAL POLICY OF CONTROL OVER DREDGED MATERIAL.

In answer to that part of my letter of September 5, 1916, which dealt with the transfer of dredged material to the Vancouver Harbour Commission, the Department, under date of October 24, 1916, made a general reply as follows: "The Department some time ago gave careful consideration to the general policy "of control over dredged material which could be disposed of for filling-in "purposes, and arrived at the conclusion that this was not feasible for the "reason that control over material deposited for filling purposes would involve "the Department in intricate problems of providing the land required for the "spoil, construction of bulkheads, re-handling of material, and providing (in "many cases) plant for increased pumping pressure. For the above, and for "many other reasons, it has therefore not been the policy of the Department "(in dealing with dredging contracts, where material is to be spoiled in any "manner other than by dumping from hopper-scows), to control the disposition "of dredged material."

Speaking of course from an Audit point of view, I am unable to admit that a Department can divest itself completely and generally of any particular function, just for the reason that that function has been found, in some particular cases, difficult to administer.

Wherever the Government has a valid and important claim to maintain, special inquiry should be made in each case, as to the prospect or expense of maintenance. It is only when each claim is found separately to be a losing asset, that it can be waived. To fail in collecting a possible revenue is as much a breach of the Audit Act, and of good administration, as would be the issue of an unearned cheque.

GRANVILLE FLATS: RESUMING DISCUSSION OF SALE OF DREDGED MATERIAL.

I have before me the report of an officer whom I sent to Vancouver last fall to look into these accounts. He says: "Contractors are depositing spoil "taken from the channel on adjacent property of the Vancouver Harbour "Commission. This is an unnecessary expenditure by the Commissioners, as "the spoil would be placed on their property without cost to them, if directed "by the Engineer under Clause 11 of the specifications. The Engineer designed "this False Creek work for the Harbour Commission. The Pacific Dredging "Co. got the contract for the piling and sheeting-wall enclosing the property "to be filled in; and then got the contract to make the fill.....The "Engineer admitted his neglect to direct the placing of the spoil either in this "instance or elsewhere; and as a result the Contractors have made and are "making, I am informed, 14 cents per cubic yard for the spoil dredged, in addi- "tion to the 21 cents contract price. This additional profit is made without "additional expense, as the Engineer admitted that the Contractors could not "find a cheaper or more expeditious way of disposing of the spoil, than to pump "it on to the adjacent lands of the Harbour Commission and the Canadian "Northern Railway Co."

Section 11 of the specifications says "All material dredged out will be "deposited in such places and in such a manner as may be indicated in writing

"by the engineer,"—saying nothing of extra compensation, as if this were offset by the saving of towage to dump-ground. In the present instance, if the engineer maintains the view expressed by him to our examiner, the filling in of the piers was a cheap way of disposing of the spoil.

I find myself compelled to hold, that the Dominion Government, calling itself the Public Works Department, should give to itself, called the Vancouver Harbour Commission, anything which is of value to the latter, while not of value to the former.

The engineer should have protected both of the differently designated interests of his employer.

The contract forms should be so amended without delay, that such another difficulty will settle itself automatically to the public advantage.

FILLING FROM FIRST EXTENSION OF 542,000 YARDS.

Instead of abandoning this filling to the contractor, on general principles, as explained by the Public Works Department's letter of October 24, 1916, inquiry should have been made as to the feasibility of disposing of it in the neighbourhood; and the Department could probably have obtained as favourable terms for it as the Pacific Dredging Co. did, namely, 16 cents a cubic yard.

Until new general instructions have repaired this weak spot in our system of guarding public property, I am obliged to object to the payment of the full contract rate for dredging, or 21 cents a yard, without a sufficient deduction for the filling which could have been sold to the Canadian Northern Railway Co. by the Department instead of by the contractor.

DISPOSAL OF FILLING MATERIAL AFTER DREDGING.

With reference again to section 11 of the specification, namely: "All material dredged out will be deposited in such places and in such manner as may be indicated in writing by the.....Engineer."

In the letter from the Public Works Department dated October 24, 1916, the claim is made that we got a lower bid from the contractors on account of their prospect of selling the dredged material to other contractors, to be used as filling.

A closer examination of the specification wording will, I think, reveal a contrary tendency, toward a higher bid.

As the specification stands, the contractors have no prospect of controlling the sale of the filling; that is entirely at the disposal of the engineer.

If the specification had read, "The engineer will have no control over the "dredged materials, which will be altogether at the disposal of the contractors," then we might have got a lower tender.

If the Department is to continue the policy contained in its letter of October 24, 1916, of making no profit out of the dredged material, then the specification form should be amended in some such direction as indicated, to let all the tenderers know that they can rely on the material for an additional profit.

But if the specification form is to be continued in its present wording, then, as suggested elsewhere, permanent arrangements should be made, by which this large source of revenue should be maintained and controlled automatically, without frequent inquiries and instructions from headquarters.

NATURE OF OBJECTIONS TAKEN BY AUDIT OFFICE.

These objections to further payment to the Pacific Dredging Company, as the work now stands, may all be taken as coming under the clause, "That the

money is not justly due," or "that there is no legislative authority" for the extensions to the contract.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Secretary, Treasury Board.

Balance of $375.17 still Unaccounted for.

AUDIT OFFICE, OTTAWA, September, 25, 1915.

SIR,—The accounts of Mr. J. G. H. Bergeron, Secretary of the British Columbia Land Commission, show an unexpended balance, up to the end of the fiscal year 1914-15, of $375.17.

I have to request that you would call upon Mr. Bergeron to either submit satisfactory vouchers for the amount of $375.17, or refund that amount without further delay.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *for A.G.*

The Deputy Superintendent General of Indian Affairs.

POST OFFICE, MONTREAL, Nov. 2, 1915.

SIR,— I am in receipt of yours of the 30th ultimo, enclosing a communication from Mr. E. D. Sutherland, acting for the Auditor General, in which I am asked to refund the sum of $375.17, which it is claimed I should remit or give vouchers therefor. I have already answered to this by letter addressed to Mr. Duncan C. Scott, Deputy Superintendent General of Indian Affairs, to who I furnished my explanations with reference to the above.

I may again state that I was not called upon to keep the books of the commission, such work being done by Mr. Gibbons, the assistant secretary, who I understand is now acting as secretary of the commission. All that I had to do was to receive the cheques which were addressed to me and deposit same in the Imperial Bank of Canada, at Victoria. All moneys which were paid out for the commission were drawn from the bank by cheques, which have been sent back to the department, at Ottawa. I have kept a private book which I have in my possession, and which I sent to Mr. Scott for his examination, He, in turn, sent back the book to me with the understanding that it would be at his disposal, should he again desire to examine it. My book is also at the disposal of the Auditor General, if he so desires. From it it will be seen that all moneys received by me were accounted for by cheques issued and which have been sent to the department, at Ottawa, while I was in Victoria.

I cannot understand how I should be called upon to remit the amount above mentioned; it is merely a matter of book-keeping and the whole thing should be quite easily cleared by a close examination of the bank account and of the cheques issued against same.

Yours truly,

J. G. H. BERGERON.

S. Stewart, Esq., Secretary, Dept. of Indian Affairs.

DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, NOV. 10, 1915.

DEAR SIR,—I beg to acknowledge the receipt of your letter of the 2nd instant, with regard to the refund of $375.17. The Auditor General evidently considers that the Secretary of the Royal Commission on Indian Affairs for the Province of British Columbia, having charge of moneys advanced for the expenses of the commission, is responsible for the proper accounting and could not, therefore, divest himself of the responsibility by merely stating that his bank account had shown that all moneys had been checked out.

The Auditor General finds by an audit of the account that the expenditure of $375.17 has not been vouched for, and, therefore, looks to yourself as the responsible officer for satisfaction. The department agrees with the Auditor General, and it is quite possible that unless you can cause proper vouchers to be provided for this expenditure the Auditor may retain the shortage for amounts due you by the Government.

Yours very truly,

J. D. McLEAN, *Asst. Deputy and Secretary.*

J. G. H. Bergeron, Esq.

POST OFFICE, MONTREAL, NOV. 11, 1915.

DEAR SIR,—I am in receipt of yours of November 10, concerning the finances of the Indian Commission at Victoria, B.C. I intend going up to Ottawa in the course of this month, and I will see the Auditor General with reference to the matter.

Yours,truly,

J. G. H. BERGERON.

J. D. McLean, Asst. Deputy and Secretary, Dept. of Indian Affairs.

AUDIT OFFICE, OTTAWA, May 4, 1916.

SIR,—I beg to draw your attention to the amount of $375.17 unaccounted for in connection with the expenditure at Victoria, B.C., by the Royal Commission on Indian Affairs, between April 1, 1913, and December 31, 1914. The method of dealing with the accounts at Victoria appears to be as follows: The sums advanced from time to time by your department were deposited in the Imperial Bank at Victoria to the credit of the Royal Commission on Indian Affairs, and cheques were drawn against this account, signed occasionally by the chairman, but as a rule by the secretary, Mr. J. G. H. Bergeron.

I have examined the cheques thus issued, together with the bank account as shown by the bank pass book, which was balanced up to December 31, 1914, and find that the salaries and allowances of the commissioners and of the secretary and staff were paid directly by cheque, as were also a number of accounts for rent, automobile hire, etc. A large number of the accounts, however, were paid from advances made by cheque by Mr. Bergeron to Mr. C. H. Gibbons, the assistant secretary, and others.

I have endeavoured to connect the accounts not paid directly by cheque with these advances, but have found it impossible owing to the absence of any detailed statement of the expenditure under such advances. There is, however, a net difference of $375.17 between the amount of the advances made by Mr. Bergeron and the accounts which may be charged against such advances.

The cheques and bank book show that Mr. Bergeron paid out all the moneys he received from your department, either in direct payments of the accounts or in the way of advances as above. As Mr. Gibbons, the assistant secretary, appears to have been the actual disbursing official, I think that he must be held responsible for this amount of $375.17, unless he provides a satisfactory statement in detail of the expenditure under the advances made to him.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Superintendent General of Indian Affairs.

AUDIT OFFICE, OTTAWA, May 22, 1916.

SIR,—With reference to my letter of the 4th inst. concerning the amount of $375.17 unaccounted for in connection with the expenditure by the Royal Commission on Indian Affairs, I beg to say that as I understand the work of the commission is about completed, and as Mr. Gibbons appears to have been the actual expending officer, a sum sufficient to cover this amount should be retained from his salary until such time as he supplies satisfactory statements in detail of the expenditure under these advances made to him, which statements were requested in my letter referred to.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Superintendent General of Indian Affairs.

AUDIT OFFICE, OTTAWA, May 29, 1916.

SIR,—I have been going over the expenditure for the fiscal year 1914-15 in connection with the Royal Commission on Indian Affairs, in the endeavour to connect the several cheques issued at Victoria by the commission with the vouchers submitted in support of the expenditure. In the majority of cases I have been able to trace the connection, but have been unable to trace exactly which vouchers were paid out of the proceeds of the following cheques:—

April	2,	C. H. Gibbons	$ 50 00
"	7,	J. G. H. Bergeron	200 00
May	4,	J. G. H. Bergeron	14 95
"	4,	C. H. Gibbons	61 55
"	4,	C. H. Gibbons	150 00
"	5,	N. W. White	400 00
June	30,	C. H. Gibbons	200 00
July	7,	C. H. Gibbons	30 21
"	7,	N. W. White	2,500 00
Aug	24,	C. H. Gibbons	15 50
Sept.	5,	J. S. McArthur	150 00
"	5,	N. W. White	2,000 00
Oct.	16,	C. H. Gibbons	5 30

I should like to get statements showing the actual vouchers covered by each of these cheques.

I should also like to have s statement from Mr. Gibbons showing the actual amount of cash in his hands on April 1, 1914, brought forward from the advances of 1913-14, exclusive of what balance there may have been at that date to the credit of the commission in the Imperial Bank at Victoria.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Superintendet General of Indian Affairs.

AUDIT OFFICE, OTTAWA, June 8, 1916.

SIR,—Referring to your letter of the 4th ultimo, respecting the amount of $375.17 unaccounted for in connection with the expenditure at Victoria, B.C., by the Royal Commission on Indian Affairs, between 1st April, 1913, and 31st December, 1914, I beg to enclose for your information a copy of a letter received from the chairman of the commission, together with one from Mr. C. H. Gibbons, the secretary of the commission.

I also enclose copy of Mr. White's letter of the 2nd May, to which he refers

Your obedient servant,

J. D. McLEAN, *Acting Deputy Superintendent General.*

The Auditor General.

VICTORIA, B.C., May 2, 1916.

SIR,—I have the honour to confirm hereby my telegram to you of even date as follows:—

> "Commission holds to the view expressed in my letter to you of nineteenth May last, eighth paragraph thereof, as to the sole liability of Mr. Bergeron for unaccounted for balance of three hundred and seventy-five dollars, seventeen cents, in which view you expressed your concurrence in your letter of sixteenth June last, and considers the deduction from Mr. Gibbon's salary of the amount unaccounted for by Mr. Bergeron a grave injustice and requests that cheque for the amount withheld be immediately transmitted."

Before the despatch of the telegram here quoted and confirmed, was ordered by the commission, the commission had before it the letter of the secretary of the department to the secretary of the commission dated the 26th ultimo, together with all correspondence between yourself, the secretary of the department, and this commission, as well as the complete record of the matter in question.

As to the statement contained in the letter of the secretary of the department of the 26th ultimo, above referred to, respecting difference between the total of cheques issued to and vouchers covering salary of and disbursements on commission's account made by Mr. Gibbons, I beg to state with the full concurrence of the commission:—

1. That when the commission went on field work, advances were made (except in one instance, when a cheque book was taken) to the chairman, to Mr. Commissioner Shaw, or to Mr. Commissioner Macdowall, to meet expenses of travel and operation outside of the personal expenses of the chairman and commissioners, which expenses were met out of their fixed per diem allowances;

2. That on the return of the commission to Victoria, Mr. Commissioner Shaw, Mr. Commissioner Macdowall, or the chairman, accounted in detail to Mr. Bergeron, paying him the difference between the expenditures supported by vouchers and the amounts of the several advances;

3. That in the cases of Mr. Gibbons, then assistant secretary, and Mr. McArthur, then stenographer, as they were paid only actual living expenses when travelling with the commission, advances were made to them for such expenses;

4. That it happened at times that Mr. Gibbons and Mr. McArthur paid out of their advances for services which were not personal to them but appertaining to the movement and operations of the commission;

5. That in one instance, when the commission ran short of funds and the assistant secretary was instructed to wire to Mr. Bergeron for a further advance, Mr. Bergeron sent a cheque to Mr. Gibbons payable to his own order;

6. That, in addition, advances for petty expenses of the office were made from month to month to Mr. Gibbons, subject to accounting in connection therewith at the month's end;

7. That Mr. Gibbons affirms, and the commission is satisfied that he did so, that he accounted to Mr. Bergeron for all advances made to him, in connection with the field work disbursements, personal expenses or petty cash expenditures, presenting statements which were carefully checked by Mr. Bergeron and paying to him any differences between advances so made and expenditures as shown by statements and vouchers, which payments were accepted by Mr. Bergeron as satisfactory and complete;

8. That Mr. Bergeron did not at any time during his incumbency as secretary state or suggest to the commission, to the chairman, or to any member of the commission (and Mr. Gibbons affirms that he did not to him) that any refund was due from or owing by Mr. Gibbons or that any balance remained in Mr. Gibbons' hands, as incorrectly intimated in the letter of the secretary of the department of the 26th ultimo.

I have the honour to be, sir, yours faithfully,

N. W. WHITE, *Chairman of Commission*

D.C. Scott, Esq., Deputy
Superintendent General
of Indian Affairs.

VICTORIA, B.C., May 31, 1916.

SIR,—I have the honour to acknowledge the receipt of your letters of the 15th and 25th instants in the matter of request that Mr. Gibbons furnish information as to unaccounted for balance of $375.17.

It would seem to me that the Auditor General should be furnished with a copy of my letter to you of the 2nd instant, which summarizes the commission's information in the premises.

A letter which Mr. Gibbons has addressed to the commission is attached hereto.

I have the honour to be, sir, your obedient servant,

N. W. WHITE, *Chairman of Commission.*

Victoria, B.C., May 31, 1916.

Gentlemen,—Referring to the letters of the Secretary of the Department of Indian Affairs dated the 15th and 25th instants in respect of unaccounted for balance of $375.17, I have to say that, not having the several memoranda furnished the late secretary by members of the commission as well as by myself in accounting for advances from time to time, it is impossible for me to furnish such a statement as is asked for in the letter of the Auditor General of the 4th instant.

The chairman's letter, of the 2nd instant, would appear to summarize the commission's information herein, and the third, fourth, fifth, sixth and seventh numbered paragraphs of that letter undoubtedly cover my own connection with advances received by me and accounting therefor, which accounting was in each case accepted as satisfactory.

As stated in your letter referred to, all advances received by me have been (upon the return of the commission from field expeditions or on closing the accounts for each particular month) promptly, balanced by vouchers, or vouchers and cash difference in the event of the voucher total being less than the amount of the advance, accounted for.

This, to the best of my knowledge and belief, was also the case with members of the commission similarily accounting for advances received by them in the course of and in connection with the commissions work.

I have the honour to be, sir, your obedient servant,

C. H. GIBBONS, *Secretary of Commission.*

The Chairman and Members Royal
Commission on Indian Affairs.

Deparment of Indian Affairs, Ottawa, August 11, 1916.

Sir,—I beg to enclose for your information an excerpt from a letter received from Mr. C. H. Gibbons, Secretary of the Royal Commission on Indian Affairs for the province of British Columbia, respecting the unaccounted-for balance of $375.17 referred to in your letter of the 4th of May last.

Your obedient servant,

J. D. McLEAN, *Asst. Deputy and Secretary.*

Victoria, July 8, 1916.

Extract.

Sir,—*Re* reduction of $375.17 from my salary for June on account of balance in difference between the former secretary and the Government; I need scarcely say that I consider the procedure unwarrantable, unwarranted, and little short of an outrage. The reference (in a telegram to Mr. White) to a balance as unaccounted for by me is also indefensible. Every dollar and every cent of commission money that has passed into my hands has been fully

and promptly accounted for to the officer of the commission from whom I received such moneys, and who in turn was and is responsible to the Government. Mr. Bergeron received all moneys on commission account until the time of his retirement from the secretaryship. He was in sole charge of the commission's monetary affairs; he personally kept his own memorandum book and bank book, with neither of which had I anything to do. The receiving and disbursement of moneys constituted, I may say, virtually all the commission work performed by Mr. Bergeron, at $30 per day. Every advance made to me (and I believe the same applies to the commissioners' advances) by the commission, incident to the commission's work, was accounted for by me to Mr. Bergeron to his satisfaction. If any mistake occurred in further accounting, it is a matter with which I have nothing to do, and I would submit that if in the opinion of your accountant or the Auditor General the amount of shortage should be deducted from any one's pay cheque it should be from that of the postmaster of Montreal. The procedure which you adopted—of calmly hypothecating my wages to balance another man's accounts—is, I must confess, beyond my understanding in either book-keeping or morality. I am neither an accountant nor an audit expert, but I should certainly think that a more rational and defensible course would be to secure Mr. Bergeron's cash memorandum book and check advances with vouchers and refunds under such advances. In this manner there should be little difficulty with work, patience, and care, in solving the problem at issue.

This matter was fully gone into with Mr. Scott during his visit here, and while it is none of my business to straighten out matters between the Government and Mr. Bergeron, I want to see this particular difficulty cleared up, for the same reason that I am staying with the commission work—because I desire to see the final record beyond criticism. I therfore discussed with Mr. Scott what seems to me the only practical method of running down the shortage, i.e., checking, in so far as possible, vouchers and refunds against advances to myself and to the commissioners. Such vouchers and refunds were invariably handed in to Mr. Bergeron with a detailed statement covering same and balancing with advances; and if these statements had been preserved (as I think they should have been) the matter would present no special difficulty. I have, however, found only one of these memoranda— and that by accident— which I have given to Mr. Scott. I have obtained a detailed statement of deposits to the commission's bank account; I am having the commissioners go through all their paid and cancelled cheques, also cheque book stubs. I myself will do the same, and with the aid of the petty cash daybook, which I kept during the first year of my indentification with the commission, it may (and I hope will) be possible to get to the bottom of this matter. So soon as the assembly of the final reports is off my hands I hope to get forward with this self-assumed task.

Meanwhile I must insist that there be no further repetition of the unwarrantable expedient sought to be adopted of deducting from salary fully earned by me moneys which I have never had. If any evidence can be presented to show any liability on my part, my property interested here and in Ontario are such that the Government need have no anxiety as to collecting if I were disposed to ignore any legitimate obligation therein, which I am not.

I have the honour to be, sir, your obedient servant,

C. H. GIBBONS, *Secretary of Commission.*

The Secretary, Dept. of Indian Affairs.

Cost of Unused Tickets not Refunded.

AUDIT OFFICE, OTTAWA, May 23, 1916.

SIR,—British Columbia cheque No. 1485, for the fiscal year 1914-15, is for payment of $166.55 to the Canadian Pacific Railway Company for transportation for members of the Royal Commission on Indian Affairs, issued on transport requisitions. One of the requisitions covered by this cheque is as follows: four single fares from Victoria to Cranbrook at $18.80 each, for three commissioners and one secretary, also four single fares from Golden to Victoria, at $21 each. This requisition was issued at Victoria on September 4, 1914, and from the expense accounts furnished by the commission I infer that they were used by Commissioners MacDowall, McKenna, and White and Acting Secretary J. S. McArthur.

British Columbia cheque No. 1713, of the same year, is for a payment to the Canadian Pacific Railway Company of $75.20 for four single tickets from Cranbrook to Victoria given Commissioner McKenna on September 23, 1914. These tickets would appear to be for the transportation of the above members of the commission, as on this date they returned to Victoria.

I am unable to determine what use was made of the four single tickets from Golden to Victoria supplied under the first requisition. Kindly let me know by whom and when these tickets were used.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Superintendent General of Indian Affairs.

DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, June 20, 1916.

SIR,—Referring to your letter of the 23rd of May last respecting requisitions for transportations of members of the Royal Commission on Indian Affairs for British Columbia, I now beg to enclose for your information copy of a letter received from the secretary of the commission, and in regard to the last paragraph thereof, I have to say that Mr. Bergeron did not forward the unused tickets referred to, to the department.

Your obedient servant,

J. D. McLEAN, *Acting Deputy.*

The Auditor General.

VICTORIA, B.C., June 13, 1916.

SIR,—Referring to your letter of the 30th ultimo with enclosure of letter of the Auditor General of the 23rd ultimo, *re* four (4) unused tickets, Golden to Victoria, I am directed by the commission to say that:

1. The commission, in order to follow the itinerary arranged for field operations in the Kootenay agency, requisitioned transportation from the C.P.R. via Vancouver, Arrow Lakes, Nelson, Kootenay Lake, Creston, and Cranbrook, with return tickets from Golden to Victoria.

2. On arrival at Windermere it was found that money could be saved by cancelling the return tickets from Golden to Victoria and substituting return over the route followed to Windermere—this on account of the charges for motor transport from Windermere to Golden.

3. On the return of the commission to Victoria, Mr. White, chairman, handed a statement of expenditures for the trip to Mr. Bergeron, secretary, which statement was accepted by him as correct.

4. The C.P.R. Office in Victoria can find no trace of a refund, and it is therefore probable that Mr. Bergeron forwarded the unused tickets to Ottawa, and if so, the department should have a record of this.

I have the honour to be, sir, your obedient servant,

C. H. GIBBONS, *Secretary of Commission.*

The Secretary, Department of Indian Affairs.

DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, Aug. 11, 1916.

SIR,—I beg to inform you that the department wrote Mr. Bergeron requesting him to state what disposition was made of the four single tickets from Golden to Victoria which were not used, and which are referred to in the last paragraph of your letter of the 23rd May last. Mr. Bergeron has replied and for your information I enclose copies of his letters.

Your obedient servant,

J. D. McLEAN, *Asst. Deputy and Secretary.*

The Auditor General.

BEAUHARNOIS, June 29, 1916.

SIR,—In answer to yours of the 26th of June, containing letters from the Auditor General and Mr. Gibbons, Secretary of the Royal Commission on Indian Affairs in British Columbia, in regard to railway tickets, I must say that on the moment I have no recollection of the matter. I am at Beauharnois, sick, and do not go to my office where I might have some information in my private papers. But will look the case over when I go and let you have a definite answer. I may say immediately that if those tickets had been remitted to me I would have had them exchanged by the Royal Commission and sent the money to our account in the bank, and it will show in my private book.

If it is not there, the tickets were not returned to me.

I do not find the answer of Mr. Gibbons very clear and he knows that I would not have sent back to Ottawa the unused tickets, but would have dealt with the C.P.R. Company in Victoria.

Anyway, as soon as I go to my office, I will let you know definitely.

Yours truly,

J. G. H. BERGERON.

J. D. McLEAN, Esq., Asst Deputy and,
Secretary, Department. of Indian Affairs.

POST OFFICE, MONTREAL, July 12, 1916.

SIR,—With further reference to my late reply to your communication 59335-6, and to my statement that, as soon as I should be in my office, I would look up my private bank book to see if I could give you any definite answer in the matter referred to in a letter of the Auditor General, *re* trip to the Kootenay I now find in looking over my private book that I gave, at the time, to the chairman of our commission, Mr. N. W. White, in trust, for the Kootenay trip, a sum of $2,006. I also gave Mr. James A. McArthur, stenographer, a sum of $150 for his personal expenses.

Out of those two amounts, I find that on the 30th of September of the same year (1914) Mr. White remitted to me the sum of $614; Mr. MacDowall remitted $30; Mr. McArthur, $41.20. I also find that Mr. McKenna remitted $150, which I was told at the time he had borrowed from Mr. White.

On the 23rd of October following, Mr. Shaw remitted $130.25. All the amounts so remitted, to the total of $965.45, were deposited as they were handed to me to the credit of the commisssion, in our bank, as you will see by our bank book.

I can find no trace of any special amount, such as mentioned by the Auditor General, and I am sure that if it had been given back to me, it would have been deposited in the bank and would show in my book, as all the others above mentioned.

This is the clearest account I can give, and I can vouch for my book, as it was examined by the Auditor General and others in his office and found O.K.

Yours truly,

J. G. H. BERGERON.

J. D. McLEAN, Esq., Asst. Deputy and
Secretary, Department. of Indian Affairs.

AUDIT OFFICE, Oct. 18, 1916.

SIR,—British Columbia cheque No. 462 of 1915-16 is for a payment of $396.30 to the Alaska Steamship Company for three fares from Victoria to Atlin and return to Victoria. These fares, evidently, were for Commissioners McDowall and McKenna and Secretary McArthur for their trip to Atlin in June, 1915.

Voucher 800 is for the payment of $60 to Pacific Coast Steamship Company for one ticket from Skagway to Victoria, issued July 24. Voucher 805 is for a payment of $30 to the Pacific Coast Steamship Company for one trip from Skagway to Victoria and voucher 806 is for a payment of $65 to the Canadian Pacific Railway Company for one ticket, issued June 24, from Skagway to Victoria. These three tickets covered the return fares of Messrs. McDowall, McKenna, and McArthur from Skagway to Victoria.

I should like to know why the return tickets purchased from the Alaska Steamship Company were not used on the return trip, and why a rebate was not obtained from that company for the unused return tickets.

I am, sir, your obedient servant,

JOHN GORMAN *for A.G.*

The Deputy Superintendent General of Indian Affairs.

Advance of $750 to J. A. J. McKenna in May, 1913.

AUDIT OFFICE, OTTAWA, Feb. 23, 1916.

SIR,—In the beginning of the fiscal year 1913-14 an advance of $750 was made to J. A. J. McKenna for his expenses in connection with the Royal Commission on Indian Affairs. I have received no account of Mr. McKenna's expenditure under this advance. As I understand that the business of the Royal Commission will in a short time be closed, Mr. McKenna should be called upon either to produce proper accounts for this expenditure or to refund this amount.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *for A.G.*

The Deputy Superintendent General of Indian Affairs.

DEPARTMENT OF INDIAN AFFAIRS, OTTAWA, April 4, 1916.

SIR,—Referring to your letter of the 23rd of February last, respecting the advance of $750 made to Mr. J. A. J. McKenna in the beginning of the fiscal year 1913-14 for his expenses in connection with the British Columbia Royal Commission on Indian Affairs, I now beg to enclose an account received from Mr. McKenna, supported by a statutory declaration, covering the sum of $749. A refund of $1 has been made by McKenna and deposited to the credit of Casual Revenue. I also enclose for your information a letter dated the 29th ultimo received from Mr. McKenna respecting this account.

I am, sir, your obedient servant,

DUNCAN C. SCOTT, *Deputy Superintendent-General.*

The Auditor General.

VICTORIA, B.C. March 29, 1916.

Your File 59336-6B.

SIR,—Referring to yours of the 26th February and 15th instant, somehow I got the impression that the matter of expenses between the 14th December, 1912, and 30th March, 1913, had been disposed of. Cheque issued to me in May, 1913. As stated orally and afterwards in my telegram of March 16, 1914, I proceeded in the belief that the fixed per diem allowance applied, and I therefore, did not obtain vouchers for my expenses for the said period nor keep any account. The best I can do is to send an account in the form herewith, together with a sworn declaration as suggested in yours of the 26th February. I trust this will be satisfactory. As a matter of fact I am convinced that the amount charged does not adequately meet the expenses I was put to owing to my being kept in Ottawa during the said period, and I adhere to the belief that, in all fairness and in strict compliance with the understanding upon which the commission issued to me, the full amount of the fixed per diem allowance

should have been paid. However, I decided in view of the misunderstanding that arose to forego that claim and, to attain settlement, fix the amount at the minimum of reasonably chargeable outlay.

Your obedient servant,

J. A. J. McKENNA.

The Secretary, Dept., of Indian Affairs.

J. A. J. McKenna in account with the Department of Indian Affairs—

I certify that the above is correct and that the expenditure was incurred in government business.

J. A. J. McKENNA.

AUDIT OFFICE, May 16, 1916.

SIR,—I beg to acknowledge receipt of your letter of April 4, enclosing a statement received from Dr. J. A. J. McKenna accounting for the amount of $750 given him on account of expenses in May, 1913.

According to an Order in Council dated January 25, 1913, Dr. McKenna's services as a special commissioner were continued to December 13, 1912, with remuneration at the rate of $4,000 per year and $10 a day for living expenses. After that date, i.e. from December 14, Dr. McKenna's status as a special commissioner ceased, and he was entitled to only his regular salary at the rate of $2,600 per annum and such reasonable actual travelling expenses as might be necessarily incurred by him in the public service up to March 31, 1913, on which date he was appointed a commissioner in connection with the Indian Lands question in British Columbia. The account rendered by Dr. McKenna for the expenditure of the $750 referred to above is for 107 days' living expenses from December 14, 1912, to March 30, 1913, inclusive, at $7 a day. I should like to know where Dr. McKenna was between these dates and if he was actually engaged during this time on business connected with your department. If it is your opinion that he should be allowed living expenses at the rate of $7 a day during the period in question, it will be necessary to get the authority of the Governor in Council for such allowance.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Superintendent General of Indian Affairs.

Extra pay to Civil Servants.

AUDIT OFFICE, November 20, 1915.

SIR,—I would call your attention to my letter of the 19th ultimo in regard to payments made to Messrs. Grignon and Laframboise for translation work, to which I have received no reply.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

Appointments not authorized by Order in Council.

AUDIT OFFICE, November 10, 1915.

DEAR SIR,—I would call your attention to my letter of the 11th September and your reply of October 1st in reference to the employment of temporary officers in your department.

Has an Order in Council yet been passed to cover their employment?

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

DEPARTMENT OF INLAND REVENUE, OTTAWA, November 25, 1915.

DEAR MR. FRASER,—In reference to the employment of the temporary officers of this department, concerning which you have written me lately, unfortunately, on account of the change of ministry, I have been unable to take up the matter with the Honourable Mr. Patenaude, the new minister, until to-day.

You will no doubt recall that, since the institution of this department, it has been understood that the Minister was empowered to appoint all temporary officers without going to Council, and this course has been followed ever since, without exception.

The matter, therefore, is a serious one, and the Honourable Mr. Patenaude has requested me to write a memorandum on the whole question for the Honourable Mr. Borden. This has been done, and I believe the matter will be taken up very soon, to be dealt with definitely.

Yours very truly,

J. U. VINCENT, *D.M.*

The Auditor General.

AUDIT OFFICE, December 21, 1915.

SIR,—The following officers employed by your department and paid from Adulteration of Food do not appear to have been appointed by Order in Council. The appointments of some of them date back over two years, so they have ceased to be merely temporary employees:—

Name.	Place.	Date of Appointment.
Dr. V. P. Lavallee	Joliette	Mar. 1, 1913
N. Cadieux	Montreal	Nov. 17, 1913
O. Brocher	Quebec	June 1, 1913
T. Gendreau	"	Feb. 1, 1914
A. Pelletier	"	Oct. 1, 1912
F. X. Roy	"	Oct. 25, 1913
J. E. Audet	"	April 1, 1914
E. Blondin	St. Hyacinthe	Dec. 9, 1914
W. A. Petipas	Tracadie	May 1, 1914
J. O. Scott	Regina	Mar. 23, 1914
L. H. Hall	Moosejaw	Mar. 23, 1914

Under the Adulteration of Food Act they are required to be appointed by the Governor in Council.

Why has the Act not been complied with?

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

DEPARTMENT OF INLAND REVENUE, OTTAWA, December 27, 1915.

DEAR SIR,—I have your letter of December 21, asking why a certain number of food inspectors had not been appointed by Order in Council.

These food inspectors form part of the temporary staff of this department, and have always been appointed by the Minister without an Order in Council. We have over 300 of these officers, who are scattered throughout the country.

As you are aware, the question of the regularity of these appointments was raised, for the first time in the history of the department, some months ago.

An amendment to the Inland Revenue Act had been prepared for last session, but the matter was, later on, left in abeyance.

Sometime ago I prepared a memorandum on the whole question, which was to be taken up by Council, but the Honourable Mr. Patenaude informs me that he has not been able as yet to discuss the matter with the Honourable Mr. Borden, and he is waiting for the first opportunity to do so.

This matter concerns not only this department, but several other departments where temporary employees were appointed by the Ministers without Order in Council.

The difficulty which we face in regularizing the appointment of the greater number of our temporary employees, is connected with the certificate, which should be issued by the Civil Service Commission.

A very great number of these employees are men who have left educational institutions for a certain number of years, and whilst they are perfectly competent to discharge their duties in a satisfactory way, still it would not be possible for them to pass an examination, such as is required by the Civil Service Commission. I may say, that some of them are constantly getting ready to pass the examination, so as to secure their permanent employment.

This is a very serious matter to us, because we could not dispense with the services of these temporary employees, without disorganizing our outside service to the detriment of the revenue, and the different business undertakings with which the department is concerned. I would, therefore, ask you to be patient.

Personally, I do not see any way out of the difficulty, except by an amendment to the Act, and, you know how extremely difficult, if not impossible, it has been to bring up any legislation before the House since the war. I hope that we will be permitted to do this at the next session.

Yours very truly,

J. U. VINCENT, *D.M*

The Auditor General.

AUDIT OFFICE, November 15, 1916.

SIR,—I have again to call your attention to the correspondence between your department and this office in regard to the employment of Mr. J. A. Cantin as a temporary excise officer. The objection taken was that he could not be properly employed except under the authority of an Order in Council.

The only action I can find that has been taken was his transfer to the position of temporary acting inspector of electricity at Quebec at the same salary of $1,400.

Was that appointment made by Order in Council and has he passed the necessary examination prescribed by section 11 of the Electricity Inspection Act of 1907 which states that the Governor in Council may appoint inspectors or assistant inspectors, but not until they have passed a qualifying examination?

I am, sir, your obedient servant,

E. D. SUTHERLAND, *for A. G.*

The Deputy Minister of Inland Revenue.

DEPARTMENT OF INLAND REVENUE, OTTAWA, November 17, 1916.

DEAR MR. SUTHERLAND,—I have your letter of November 16, concerning Mr. J. A. Cantin, Acting Inspector of Electricity at Quebec, at the salary of $1,400 per year.

I may say that Mr. Cantin is a very efficient officer, and has been preparing for his examination ever since he has been transferred to the Gas and Electricity Branch. He will be in position to pass this examination about the 15th of January next, when his position will be rectified.

Hoping this will be satisfactory,

I am, yours very truly,

J. U. VINCENT, *D.M.*

E. D. Sutherland, Esq., Auditor General's Office.

AUDIT OFFICE, November 21, 1916.

DEAR SIR,—I have to acknowledge your letter of 17th instant regarding the objection this office has taken to the appointment of Mr. J. A. Cantin by your department without the authority of an Order in Council and without his having passed the examination called for by your Electricity Inspection Act.

I cannot see how Mr. Cantin can be legally employed without these provisions.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *for A.G.*

The Deputy Minister of Inland Revenue.

Officers employed in Department,—Salaries paid from Outside Vote.

AUDIT OFFICE, February 15, 1916.

SIR,—On the September pay-list of the Ottawa Inland Revenue Office there appear the following names, viz., D. Paquin, C. F. Sheppard, J. A. Montreuil, J. A. Lemay, J. A. Charbonneau, and R. Brunel.

Will you be good enough to state if these men were on duty in the Inland Revenue Office, and if not, why they are charged to that office.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

AUDIT OFFICE, April 4, 1916.

SIR,—I wrote you on February 15 last asking for information about certain men whose names appeared on the September pay-list of the Ottawa Inland Revenue Office.

Would you please furnish without further delay the information desired.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

DEPARTMENT OF INLAND REVENUE, OTTAWA, April 5, 1916.

DEAR MR. FRASER,—I have your letter of April 4, referring to your demand for information contained in a letter of February 15, which I regret to say, through inadvertence, remained unanswered.

In this letter of February 15, you say that on the September pay-list of the Ottawa Inland Revenue Office there appears the following names: D. Paquin, C. F. Sheppard, J. A. Montreuil, J. A. Lemay, J. A. Charbonneau, and R. Brunel, and you ask if these men were on duty in the Inland Revenue Office, and, if not, why they are charged to that office.

All these men were on duty in the department here, and were called in temporarily from the outside, by instructions of the Minister, due to an accumulation of work, caused by the fact that some of our employees were on their statutory leave.

Messrs. J. A. Lemay and R. Brunel,were employed only for about three months, and have left the service.

Yours very truly,

J. U. VINCENT, *D.M.*

The Auditor General.

Advances to Officials from Letter of Credit.

AUDIT OFFICE, November 11, 1916.

DEAR SIR,—In the accounts of your department for the last fiscal year I find that an advance was made from your Letter of Credit on July 6, 1915, to Mr. J. L. K. Laflamme. No account has been received from him covering this, nor has any refund been made. As we are preparing the annual report of this office, I have to request that his account be forwarded at once. If no expenditure has been incurred under this advance I would like an explanation why it has not been refunded.

I find also that the following advances have been made to certain of your officials as follows:—

May 3, 1915, C. L. Catellier, $50.00. Refunded May 31, 1915.
June 25, 1915, C. L. Catellier, $50.00. Refunded July 15, 1915.
June 30, 1915, C. L. Catellier, $25.00. Refunded July 15, 1915.
July 21, 1915. C. L. Catellier, $200.00. Refunded Nov. 10, 1915.
Sept. 21, 1915. C. L. Catellier, $125.00. Refunded Dec. 29, 1915.
July 6, 1915, J. L. K. Laflamme, $50.00. No account or refund.
July 9, 1915, J. L. K. Laflamme, $190.00. Refunded July 15, 1915.
June 5, 1915, J. A. Laliberte, $50.00. Refunded June 15, 1915.
June, 18, 1915, J. H. Baron, $15.00. Refunded July 5, 1915.
Aug. 14, 1915, G. W. Taylor, $25.00. Refunded Sept. 23, 1915.
Oct. 26, 1915, A. Bissonnette, $280.00. Refunded May 3, 1916.

These advances were all made from your Letter of Credit for General Preventive Service.

With possibly one exception all these officials are employed at Ottawa, and such advances, if to cover travelling expenses, should have been made from Civil Government Contingencies, as directed by the Treasury Board. Please explain the necessity for making such advances in view of their being refunded in full so soon afterwards.

Where is A. Bissonnette employed, and in what capacity? His advance was refunded in full, but not until six months afterwards.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *for A.G.*

The Deputy Minister of Inland Revenue.

DEPARTMENT OF INLAND REVENUE, Ottawa, December, 1, 1916.

SIR, I acknowledge receipt of your communication of the 11th ultimo, relative to certain advances made from the departmental Letter of Credit for General Preventive Service, to officials of this department during the fiscal year ending 31st March, 1916.

In reply, I may say that in practically all of these cases the money was advanced in order to meet expenses connected with official trips which the parties mentioned were called upon to undertake at very short notice. It is recognized that these advances should have been made from Civil Government Contingencies, and this course will be carefully followed in future.

As respects the case of Mr. Laflamme, I may say that the advance was made to him upon representations that it was the desire of the Minister that he should meet the latter in Quebec the following morning, although the message to that effect was not received until late in the afternoon of the preceding day, and having to leave immediately, the department advanced his expenses in order to expedite matters. He has been repeatedly requested to account for this sum, but has failed to do so. You are probably aware that this official is now private secretary to the Honourable the Secretary of State.

The Mr. Bissonnette referred to, is the High Constable, Montreal, and the money advanced to him was for the purpose of securing the arrest of an individual in Winnipeg who was charged with an offence against the provisions of the Inland Revenue Act by operating an illicit still.

I remain, sir, your obedient servant,

GEO. W. TAYLOR,
Asst. D.M.

The Auditor General.

Travelling Expenses—Improper Charges.

AUDIT OFFICE, November 7, 1916.

SIR,—I am in receipt of yours of yesterday enclosing a communication from J. McDonald, jr., with the details of his accounts as asked for.

In these accounts are charges for laundry amounting to $9.78 and pressing clothes $8. As these are not considered proper charges against the Government by the Treasury Board, I have to request that a refund be obtained.

I am, sir, your obedient servant,

E. D. SUTHERLAND, for *A.G.*

The Deputy Minister of Inland Revenue.
